ABOUT OUR COMPANY

Thanks to the constantly and rapidly developing technology, different production methods are emerging. With the development of different production methods, the diversity in production is increasing. In order to respond more quickly to the requests of our customers, to increase our diversity in production, to adapt to the dynamic structure of the era and to provide better quality service, we follow the rapidly developing technology and bring in new systems, techniques and technology. As Manksan a gas spring company, our primary goals are to eliminate waste, to create the best production potential, to improve our delivery performance, to increase customer satisfaction and to ensure continuous development.

MANKSAN
AMORTISOR

AUTOMOTIVE INDUSTRY

Mission

OUR MISSION

- To produce quality products in accordance with international production standards and regulations in line with our customer-oriented quality understanding in line with customer demands and expectations.
- To follow the technological developments around the world and to ensure that they are included in the production system.
- To reduce costs and increase quality by keeping the philosophy of continuous improvement constantly dynamic.
- To ensure the use of error-proofing methods.
- To be able to catch the zero defect line in

Vision

OUR VISION

- To win the admiration of humanity with our products and services at home and abroad, to be sensitive to the environment and the universal structure.

QUALITY POLICY

Our company, which accepts customer satisfaction as the basic principle, produces modern and suitable products by producing quality products and services with its contemporary and modern approaches, by creating the infrastructure that can respond to this, by following the technological developments and by emphasizing the dynamism of qualified and trained personnel in the management and administration. It is our quality policy to design our employees with an innovative philosophy and to maintain a team spirit in unity and solidarity with motivation and concentration in accordance with a competitive structure brought by the age.
